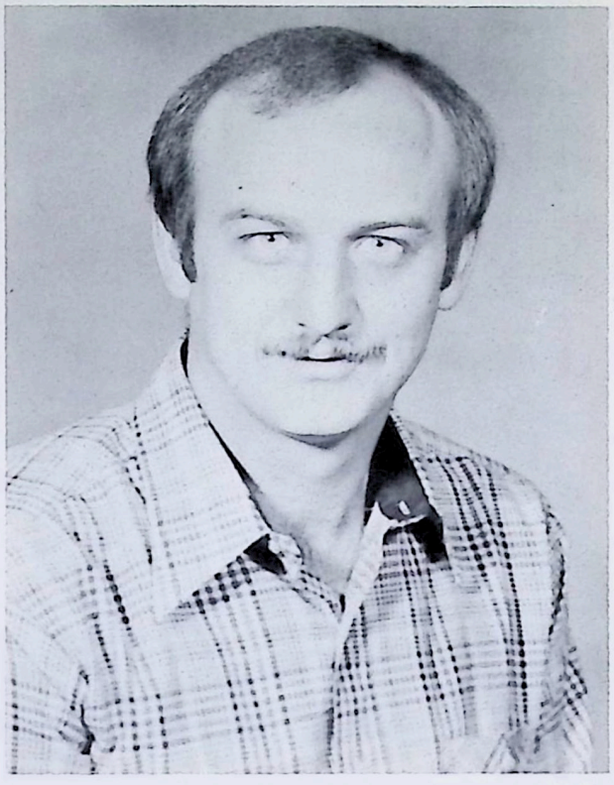
The 1982 yearbook, *The Clock Tower,* was designed, edited, and printed entirely by students and faculty of the Graphic Arts Classes of the North Carolina School for the Deaf. Miss Barbara Palmento and Mr. Harold F. Brown acted as advisors. For the past two years the annual had been printed by a commercial yearbook company, but with cost running so high we felt that a better job could be done here at the school by students and faculty as they had done in the years past. This year students took the pictures and did the darkroom work, decided on design, made layouts, paste-ups, did all the offset photography, made plates, and did the presswork. The only part not done here at the school were the covers and binding which were furnished by Delmar Printing of Charlotte.



Mr. Doug Caraway

# Dedication

Mr. Doug Caraway has taught us the meaning of having fun. He has spent many hours preparing recreational activities in the Student Union Building that many students really enjoy. Many times he has taken us off campus to do activities, such as skiing and roller skating. He has often participated in the games with us. He is a good sport whether he wins or loses.

Mr. Caraway is the director of the Student Union Building, but we, the class of 1982, feel that he is more than that. He is a person whose enthusiasm, interest, and spirit have inspired us; we dedicate this 1982 Yearbook to you, our good and fun friend.

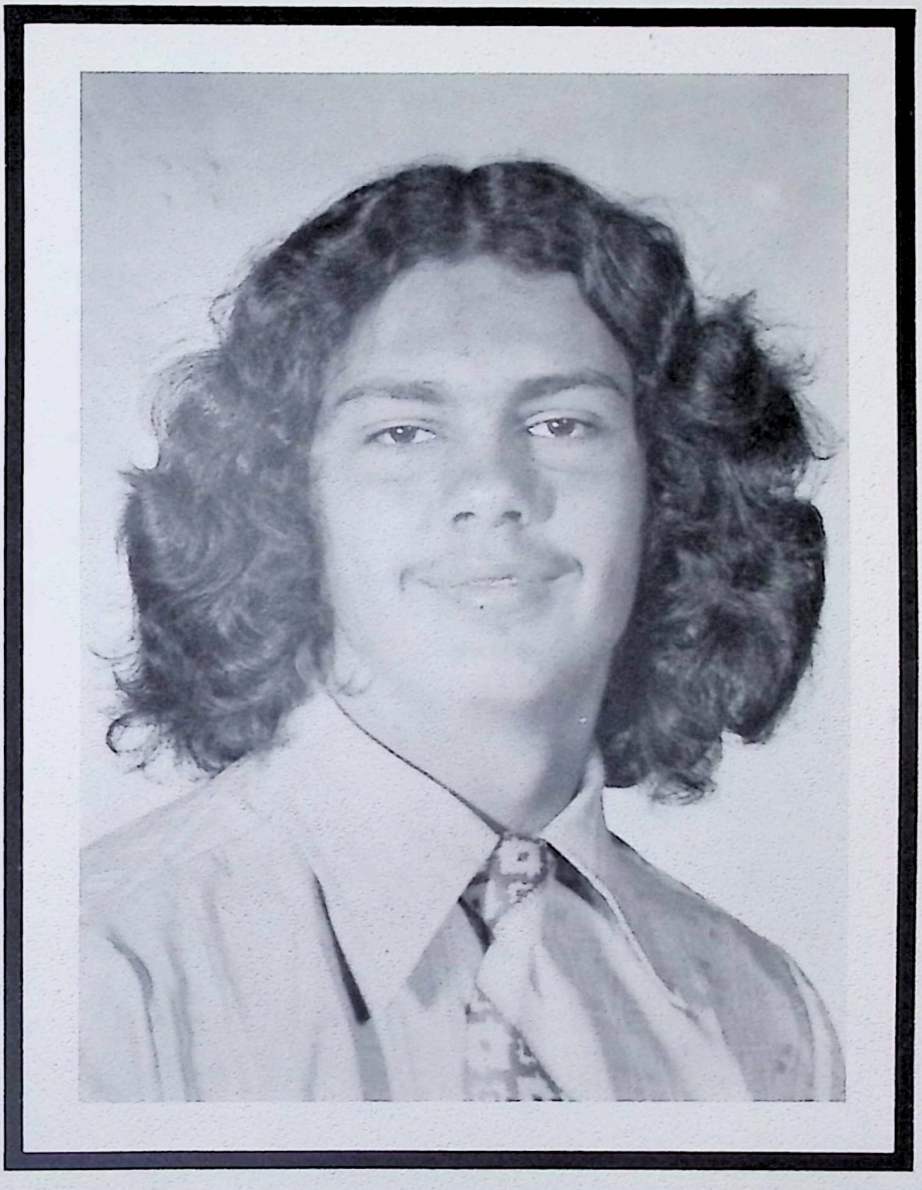
# In Memorial



Charles Mack Biddix
Kings Mountain

January 9, 1962 — March 29, 1980

Charles Biddix was active in boy scouts, basketball, football, and track. He enjoyed dancing, telling jokes, and discussing cars with friends. His favorite pastime was walking.

Charles was a member of the Class of 1982 and was a friendly young man who would always offer help to those in need. He worked hard in school and sports. He was very proud of NCSD and his actions in sports did much to build up the good name of NCSD. He is missed very much by everyone and we shall cherish always the memories of our good friend.

The N.C.S.D. Bears struggled through a long rebuilding season on their way to a 1 and 8 record. The Bears coming off a 7 and 2 record in 1980 were hampered by size and the lack of experience at several key positions. With only three seniors returning, the Bears had to do a lot of rebuilding. A number of key positions were filled by freshmen making their first start. When the season began there were about 35 players out for the team, but at the end of the season only 25 were still on the roster and some of those were lost to injury the last couple of games. Coach Ledford and his assistants were very proud of the players who stuck it out. As the coach put it, "It's always easy to play for a winning team, but it takes real guts to stick it out when things are not going well."
